## PRODUCT SYNOPSIS

The Griffin Armament Stripped Lower Series provides a strong and reliable foundation for your next rifle build. Precisely machined from high grade 7075-T6 Aluminum forgings to exact standards, ensures proper fitment and performance with mil-spec upper and lower components. These Stripped Lows are hardcoat type 3 anodized for excellent resistance to surface wear, including scratches, scuffs, and discoloration from cleaning solvents and oils. Additionally, the Griffin Lower features a mil-spec fire control pocket. Start your next build with a Griffin Stripped Lower for a quality and dependable foundation!

## CLEANING & MAINTENANCE

On a regular basis, it is good practice to disassemble, clean, and oil the firearm and it's components after every shooting session, or if the firearm has been exposed to prolonged amounts of sand, dust, dirt, humidity, water, or any other extreme environmental factors.

**IT IS YOUR RESPONSIBILITY TO KNOW AND FOLLOW  
FEDERAL, STATE, AND LOCAL FIREARM LAWS**
